(The premises and the area around them, access, adaptations, equipment, facilities, suitability for relevant special needs, staffing & qualifications etc)	
<p>About the Practice</p> <p>The practice moved into new premises in April 2008, after serving the patients of the local area for over 70 years from Oakfield House in Low Westwood. The new building is purpose-built and easily accessed by all patients or visitors, including those with limited mobility. There is ample parking space for cars and bicycles on site</p> <p>Dispensary</p> <p>Oakfields Health Centre is a dispensing practice. This means we are able to dispense medication directly to patients who live more than 1 mile (“as the crow flies”) from a community pharmacist/chemist</p> <p>A personal service offering choice and continuity of care</p> <p>We aim to provide patients with a choice of health care professional. We have two male Doctors and a female Doctor, supported by a Nurse Practitioner, who can treat and prescribe for a number of minor ailments e.g. sore throat, ear ache, chest infections and water infections, supported by a team of nurses and a health care assistant. Each member of our team has a particular area of expertise or special interest and patients have the right to ask to see the practitioner of their choice</p> <p>Additional services at Oakfields</p> <p>We have regular clinics within the practice for health visitors and child health, antenatal clinics with the midwife, physiotherapy, chiropody and foot care, counselling and dietary advice</p>
