

Survey Analysis

We are planning our next annual survey and to ensure that we ask the right questions, we have asked you how we could improve our services in the following areas:

- Contacting the Practice
- Appointment Availability
- Waiting Room Experience
- Quality of Clinical Care
- Variety of Clinics
- Administration & Management
- Opening Times

The results so far are shown below.

Total responses: 147

1 What do you think are the most important issues on which we should consult our patients? Which of the following do you think should be our priority areas?
