## **AGREEMENT FOR THE PROVISION OF DIRECTED ENHANCED SERVICES H1N1 VACCINATION PROGRAMME – JCV1 PRIORITY GROUPS**

All Practice Managers should have recently received a letter headed as above from Phil Kitching, Primary Care Manager, NHS Sheffield.

Please be aware that for those practices who wish to participate in the Directed Enhanced Services H1N1 Vaccination Programme, **the lead principal GP should sign, print their name and date the document and return the whole document to NHS Sheffield by Friday 27 November 2009.**

Please note that the 2 week turnaround from receipt of documentation to return of signed documentation to the PCT is a nationally agreed timescale and forms part of the DES directions.

Any practice wishing to take part in the vaccination programme, but unable to sign and return the document by the stated deadline should contact Phil Kitching on (0114) 3051147 or 3051149 as soon as possible to discuss this.
