

Nurse Practitioner

Erimus Practice, Middlesbrough

We are looking for a Nurse Practitioner with prescribing qualification to work approximately 30 hours a week (times and days negotiable) to complement our existing team of four GPs, three Nurses, one Phlebotomist and a full complement of admin staff.

Competitive Salary negotiable dependent upon experience.

Experience with System One clinical system desirable but not essential.

The role requires you to function autonomously and within your sphere of competency, whilst being supportive to all members of staff.

You must be able to assess patients, plan and manage their care and be able to diagnose and treat acute illness. We aim that you will be involved in management of chronic diseases, QOF and clinical audits. Full support will be given at all times for any discussions or opinions from the doctors. You will be expected to work as part of a multi professional team in line with the protocols and policies of the practice.

Successful candidates should have experience in

All aspects of General Practice Care
Chronic Disease Management

Please write to (please provide an e-mail address where possible)
