

Response to the Friends & Family Survey March 2015

The Friends & Family Test is an on-going survey, the results of which will be published both on the website and in the waiting area on a monthly basis. You can access the survey via our website at www.kennethmacraemedicalcentre.co.uk or in paper format from the waiting room or any of the consulting rooms.

During March 2015, a total of nine forms were submitted including 2 which were submitted electronically via the Practice website.

All 9 patients were “**Extremely Likely**” to recommend our Practice to friends & family.

The Doctors would like to thank those of you who have taken the time to complete the forms and for the very positive comments made
