

Response to the Friends & Family Survey December 2017

The Friends & Family Test is a survey commenced in December 2014 and is an on-going survey throughout the NHS. The results of the survey are published both on the website and in the waiting area on a monthly basis. You can access the survey at any time via our website at www.kennethmacraemedicalcentre.co.uk or in paper format from the waiting room or any of the consulting rooms during or following consultation.

During the month of December 2017 we had 0 submitted via paper format and 0 submitted electronically.

On behalf of the Doctors and Staff here at the Practice I would like to take this opportunity to say a big thank you for all the chocolates, biscuits, flowers and gifts dropped into us over the Christmas period, it is very much appreciated.
