

Dear All

This month's sessional GPs e-newsletter was sent out yesterday and is available here<<http://bma-mail.org.uk/t/JVX-3O7BF-1BJCJOU46E/cr.aspx>>.

The Chair's

message<https://communities.bma.org.uk/the_practice/b/weblog/archive/2015/09/17/occupational-health-and-death-in-service-update?utm_source=The%20British%20Medical%20Association&utm_medium=email&utm_campaign=6168075_NEW16A1%20SESSIONALS%20NEWSLETTER%20170915&utm_content=Vicky%20Button&dm_t=0,0,0,0> focusses on the national occupational health service for GPs suffering from stress and burnout and a further update on what we are doing to change the unfair rules on death in service benefits for locum GPs. Included in the blogs this month is one from sessional GPs subcommittee member Mary Anne Burrow on doing out-of-hours work<https://communities.bma.org.uk/the_practice/b/weblog/archive/2015/09/09/why-i-love-out-of-hours-work?utm_source=The%20British%20Medical%20Association&utm_medium=email&utm_campaign=6168075_NEW16A1%20SESSIONALS%20NEWSLETTER%20170915&utm_content=OOH%20Button&dm_t=0,0,0,0>.

The e-newsletter has been sent out to all the sessional GPs on the BMA's membership database, but to ensure that it gets to as many sessional GPs as possible we would encourage you to distribute the link as widely as you can. Using the new format it is also possible to easily highlight different sections of the newsletter via social media if you use Twitter, etc.

Thanks

Joe
