

**UPTON SURGERY VACANCY**  
**UPTON-UPON-SEVERN WORCESTERSHIRE**

**Clinical Pharmacist Practitioner**

Upton Surgery is expanding our clinical team and are looking for a professional, motivated, experienced clinical Pharmacist practitioner to join our team. Working in modern premises with designated treatment rooms, minor ops and on site dispensary we are looking for an exceptional professional to develop this challenging role within our practice team.

The successful candidate will utilise their patient facing clinical practice and independent prescribing qualification to work alongside our established clinical team to both lead the practices medicines management agenda and to competently assess and treat patients with both minor ailments and Chronic disease in an areas within their own competency acting within the parameters of the GPhC Standards.

Duties will include the ability to evaluate treatment/interventions and provide care for patients with undifferentiated and undiagnosed problems using clinical assessment skills in the Primary Care setting, working as part of our multidisciplinary duty team as well as assisting with long term condition clinics and medicines management for the practice.

Part time to full time hours available and an informal visit can be arranged. Salary according to qualifications and experience. Full NHS pension rights apply.
