### Patient comments

The following comments are from patients who indicated that they are happy for these to be made public. All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

Please tell us about anything that we could have done better:

- All my family they are very happy with the doctors and staff, they are very kind and respectful.
- Am happy with everything.
- For me personally to always see the doctor who already know what a patient health problems are rather than telling patient which other doctors they can see which am not happy with.
- Great doctor.
- I need consultation about my issue. Regards.
- Maybe if the morning doctor walk-in service could be extended to 11:00am please.
- No appointments (brilliant).
- No thoughts at this time.
- Nothing all good.
- One of the doctors is amazing, so friendly and reassuring.
- Slow doctors.
- The reception staff are really helpful and polite.
- They tried to help everyone very sick.
- Update new doctor's prescriptions on medical records.
- Very helpful start, done everything required today.
- We should be able to see a professional doctor if they are available on the day and we arrive before 10:00am - we are OK to wait, if needed.
