### Patient comments

The following comments are from patients who indicated that they are happy for these to be made public. All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

Please tell us about anything that we could have done better:

- Digitise booking system.
- Excellent service with very polite and helpful staff. Thanks.
- I'm unclear about the new walk-in/appointment times, however I was given an appointment within the hour thankfully. Perhaps publicise the times via the text message system.
- Nothing to change.
- Too much pressure on "flu" injections yet no reminder or pressure on "B12" injections. This creates impression whether true or false that surgery only interested in making money.
