Patient comments

The following comments are from patients who indicated that they are happy for these to be made public. All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

Please tell us about anything that we could have done better:

- · Nothing because all has been done.
- Get more doctors on site or see patient more quickly.
- Very good. 10/10.
- Appointment system. Not being able to choose specific doctors. Take away appointment system especially in evenings.
- Really liked how kind and personable one of the doctors was helping to think through lifestyle solutions and medication short term and providing emotional support too. The surgery is a little bleak, some music could help!
- · No appointment.
- · Nice people (staff).
- If they can increase walk-in time for morning session.
- · Nothing in mind.
- Everything is OK I think.
- · Everything is very good.
- · Listen to the patient.
