Contraception

**THE STAFF**

The Practice Manager, Mr. David Clarke, and his administrative support team work hard to ensure the smooth and efficient running of the practice to give our patients the best possible service.

The nursing team comprises of a nurse practitioner, practice nurses, district nurses, health visitors and a midwife, who, together with the doctors and support staff, complete the Primary Care Team.

**HOME VISITS**

Wherever possible, please make requests for home visits before 10.00am. Home visiting takes much more time than surgery attendance and we ask all patients to attend surgery wherever possible

**EMERGENCIES AFTER SURGERY HOURS**

At weekends, Bank Holidays or between 6.00pm and 8.00am the following morning, please call the Urgent Care Centre on 455455.

**APPOINTMENTS**

We operate appointment only systems at both sites. In compliance with Government targets, you will be able to see a doctor within 48 hrs.

**PRESCRIPTIONS**

Requests for repeat prescriptions should be brought to surgery at least 48 hours before collection (please use the post boxes; one at the main door and the other at the bridge entrance).

Telephone requests may be made for repeat prescriptions on 0844 477 8914 between 9.30am and 6 pm only.

Prescriptions requests can also be made via our practice website, please visit [www.stationviewmedicalcentre.co.uk](http://www.stationviewmedicalcentre.co.uk) for further information.

Our prescriptions are computer generated.

If you wish, we can arrange for your prescription to be collected by a local chemist. Please speak to the receptionist who

**SERVICES AVAILABLE**

We offer all types of immunisations and vaccinations including holiday vaccinations such as Yellow Fever. The Practice holds asthma, diabetic, blood pressure, smoking cessation, antenatal, physiotherapy, weight reduction, well man, well woman and acupuncture clinics. We also offer a full Family Planning and cervical cytology service.

When referred by your GP, you will be able to see a physiotherapist, chiroprapist, dietician, nurses or counsellor in surgery if appropriate. There are also several other specialist clinics.

**CHECKING TEST RESULTS**

If you have been asked by your Doctor to ring for results of investigations, please note that **results can be given to the patient only** and not another person telephoning on their behalf. Please call after 2.30 pm for results.
