Dear Dr Mansour

CQC Inspection Outcome

On behalf of Durham Dales Easington and Sedgefield (DDES) Clinical Commissioning Group may we congratulate you on your recent rating of 'Outstanding' from the Care Quality Commission (CQC). Your success demonstrates the practice commitment to the quality of primary care.

Most of the inspections in DDES and County Durham are complete. Primary Care across DDES and County Durham has proven to be of a high standard as nearly all of our practices have received a 'Good' rating.

You are only one of two practices in the CCG and only one of four across County Durham to receive this rating.

I am sure that patients of your surgery are equally proud of this outcome and that they are served by an outstanding practice.

Yours sincerely

Stewart Findlay
Chief Clinical Officer

Dr Stewart Findlay – Chief Clinical Officer
Dr Jonathan Smith – Clinical Chair
