

## **Merger Update 24<sup>th</sup> March 2023**

Firstly, we would like to continue to thank everyone who has been involved in the process so far. We really appreciate the time and effort taken to complete the involvement survey, and your feedback.

### **What's happening now?**

Teams from Rosegarth Surgery and Spring Hall Group Practice are continuing to meet regularly to discuss the details of the practice merger including patient access to services, ways of working and how we can improve our communications to patients.

We are moving swiftly with our plan and hope to share more information with you regarding the specific details soon.

A reminder for all patients that as part of the merger agreement, there are some contractual conditions to ensure that the process runs smoothly and that services are not disrupted.

- There will be no changes to premise locations, or detrimental changes and/or reduction to the services currently available to both practice populations.
- Spring Hall Group Practice will work closely with CCP to ensure the merger goes smoothly.

There are some planned upgrades across all our sites over the coming weeks, please check the website for updates to what these works are.

We have planned a meeting with our Patient Participation Group this Wednesday 29<sup>th</sup> March 2023 at Spring Hall Medical Centre. A pre-planned agenda has been shared with the members and we look forward to welcoming them to Spring Hall and hearing their views.

We are always interested in working with patients and value your feedback.

To get involved with the Patient Participation Group, please email [wyicb-cal.secretariesspringhallsurgery@nhs.net](mailto:wyicb-cal.secretariesspringhallsurgery@nhs.net) or you can join through the Spring Hall Group Practice website.
