National Association for Patient Participation (NAPP)

Following the discussion at the previous meeting, Dr Southcott confirmed that the practice has now joined the NAPP.

Future Meetings

The group expressed a desire to hold future meetings upstairs as it was felt that it would be more conducive for a meeting environment.
Dr Southcott agreed to take this up with the Practice management, so that from the next meeting onwards all meetings would take place upstairs.
Members will have to wait downstairs until appropriate security measures have been taken, whereupon Dr Southcott will come and collect us.
