

H&F Partnership

Brook Green Medical Centre, North End Medical Centre, The Bush Doctors

31 March 2017

To our patients:

The Bush Doctors, North End Medical Centre and Brook Green Medical Centre join forces

We are delighted to announce that our three local GP practices are joining forces from 1 April. This is excellent news for patients as the combined organisation will have the scale to develop and offer more services closer to home, and to play a larger role in coordinating all of their care across the NHS.

All existing services are continuing, and patients will still use their current practice and current clinical team as their first port of call and for all their primary medical needs.

Our first new service is extra GP appointments on Saturdays and Sundays which are already available **now** to **all** patients in Hammersmith & Fulham. These appointments can be booked in advance via every GP practice in the borough and are available from 8am to 8pm both days. The service is provided from Brook Green Medical Centre.

Best wishes,

All the staff and partners

About H&F Partnership:

Operating from three sites across Hammersmith & Fulham, there are 89 staff and 17 partners who together care for 43,000 patients. As well as routine appointments, there are specialist clinics, diagnostic testing on site, and GP appointments available 7 days a week from 8am to 8pm.
