Using **Patient Access - Web**

Patient Access

www.patientaccess.com

The screenshot shows a web browser window with the URL <https://www.patientaccess.com> in the address bar. The page title is "Patient Access - GP appointments & prescriptions online". The website header includes "Patient Access", "GP features", "Pharmacy services", "Sign in", and "Register". The main content area features the NHS logo and the text "Providing NHS services". A large modal window is overlaid on the page, titled "Patient Access" and "Powered by Cookiebot by Usercentrics". The modal has three tabs: "Consent", "Details", and "About". The "Consent" tab is active and displays the following text: "This website uses cookies. We use cookies to give you the best online experience. Some are necessary for our website to work properly, others are optional but help us improve your experience in other ways. Find out more in our [privacy policy](#)." Below this text are four toggle switches for "Necessary", "Preferences", "Statistics", and "Marketing". The "Necessary" toggle is turned on, while the others are turned off. At the bottom of the modal are three buttons: "Deny", "Allow selection", and "Allow all". The background of the website is partially visible, showing a "Sign in" button and a banner for "Are you protected against flu?". The Windows taskbar at the bottom shows the search bar, task view, and system tray with the date 05/12/2023 and time 22:52.

Set up your account the first time

The screenshot shows a web browser window with the URL `support.patientaccess.com/registration/create-a-patient-access-account`. The page features the Patient Access logo, a search bar, and a 'Technical support' button. The main content area is titled 'Registration' and includes a sidebar with links: 'Create a Patient Access account', 'Link to your GP practice', 'Practice merges and Patient Access', 'Deleting your Patient Access account', and 'Unlinked Patient Access accounts'. The main heading is 'Create a Patient Access account', with a sub-heading 'Last Updated: 14-Nov-2023'. A blue callout box states: 'Patients can now use NHS login to register, sign in and link to their practice for Patient Access.' Below this, the section 'Create your Patient Access account' lists six steps: 1. On the Patient Access sign in screen, select Register now. 2. Enter your personal details. Note: The sex field is optional. 3. Enter your account details. Note: The Mobile phone and Marketing fields are optional. Though we recommend adding one, as it will allow you to reset your login details should you forget your password or memorable word. 4. Accept the Terms and Conditions. 5. Select Create account. Your account has been created. 6. Verify your email address. Now your account has been created you must verify your email address. An email will be automatically sent to the email address you registered your Patient Access account with. This will provide you with a link to verify your account. Please note: The verification email will expire in 24 hours. If you have not verified your email address within 24 hours, you can click Re-send verification email to send a new link to your email address.

Log into your account

The screenshot shows a web browser window displaying the Patient Access login page. The browser's address bar shows the URL: https://account.patientaccess.com/Account/Login?ReturnUrl=%2Fconnect%2Fauthorize%2Fcallback%3Fclient_id%3Dpkce_patientaccess_web%26redirect_uri%3Dhttp.... The page features the Patient Access logo in the top left and a 'Support Centre' link in the top right. The main content area is centered and contains a blue button labeled 'NHS Continue to NHS login'. Below this is an 'OR' separator, followed by the heading 'Sign in to your account' and a link for users without an account: 'Don't have an account? Register with Patient Access'. The login form includes two input fields: 'Enter your email or User ID' and 'Enter your password' (with a toggle for visibility). Below the password field is a link for 'Forgotten your sign in details?'. There are two checkboxes: 'Remember me' and 'Stay signed in'. A pink 'Sign in' button is positioned at the bottom of the form. At the bottom of the page, there are links for 'Privacy Policy', 'Terms of use', and 'Accessibility', along with a blue 'Technical Support' button. A footer note states 'This site is protected by reCAPTCHA and'. The Windows taskbar at the bottom shows the search bar, several application icons, and system information including '4°C Cloudy', '22:54', and '05/12/2023'.
