Please note:

- The above private fees are subject to change at the discretion of Hamstreet Surgery.
- If any additional work is needed to complete the original request, an additional charge maybe made. Where possible we will ensure that the initial charge is accurate.
- We no longer provide certificates for fitness to attend exercise programme. If your fitness centre demands this they should write to the GP with a signed patient consent form and pay the associated private fee for this report.
- We do not give authority for staff at schools to administer drugs to children over whom we have no control. Parents/carers own words are adequate. If organisations want written authorisation then they should write directly to the GP with a signed patient consent form.
