

# Need some help with 'Digital'?

printing documents

using a computer

connecting devices to WiFi

video calls

sending a text message

watching video tutorials

setting up your tablet

joining in online activities

finding your favourite songs online

emails

saving your photos safely

filling in online forms

setting up home broadband

scanning a document

*Learning at your pace,  
about the things that  
matter to you!*

**Come and meet one of the Bexley Digital Champion Network volunteers. These are based in a variety of organisations all over Bexley. They will be able to sit alongside and offer friendly 1:1 support to get you started or learn something new. No previous experience needed. You can learn about your own equipment or access a computer onsite.**

**Contact Sky Crook on 01322 524 682 or [sky@bvsc.co.uk](mailto:sky@bvsc.co.uk) for more information, or to find the right support for you.**
