

## Care.data Service opt out form

Full Name..... Date of birth.....

### 1. Opt out of care.data service

I confirm I have read the leaflet “How information about you helps us to provide better care” that explains how the Health and Social Care Information (HSCIC) use anonymised and personal information to improve health services.

#### **Important notice:**

This objection will not stop all your data leaving the practice. The law requires doctors to provide information to local authorities about some infectious diseases, such as if you had food poisoning. Very rarely, doctors may be required to disclose information in order to detect a serious crime. Likewise, a court order can require doctors to disclose certain information during a court case.

Please indicate which of the following you would like to apply to your records. You may apply both.

A. I object to my personal data leaving the GP Practice and would like to prevent it going to the HSCIC.	9Nu0
B. I object to my personal data, from any health and social setting, leaving the HSCIC.	9Nu4

### 2. Opt back in to care.data service

I previously objected to my personal information being extracted by the car.data service, but would like to opt back in to share my information with the Health and Social Care Information Centre (HSCIC)

Please indicate which of the following you would like to apply to your records. You may apply both.

A. I would like to remove the block on my data leaving the GP practice to HSCIC.	9Nu1
B. I would like to remove the block on my data leaving the HSCIC.	9Nu5
