

Covid-19 testing: Lessons for General Practice

With Dr Jess Watson. GP and Research Fellow at the University of Bristol

Wednesday 16th June 2021, 7.30pm – 8.30pm

BGPERT Webinar via Zoom

Please RSVP to [BGPERT](#)

Speaker Bio:

Jess is a GP at West Walk Surgery in Yate and a researcher at the University of Bristol with an interest in diagnostic testing. She has written three papers for the BMJ on Covid-19 testing, recorded Podcasts for the RCGP and BMJ Talk Medicine and was recently interviewed for BBC radio 4 'more or less'. She lives in Bristol with her four children and loves outdoor swimming and playing the violin.

Learning Objectives:

- How to interpret Covid-19 tests (including PCR, lateral flow and antibody tests)
- Importance of Bayes theorem or "the duck test"
- Communicating test results and sharing uncertainty with patients
- Future prospects - can primary care testing help to prevent the next wave of Covid-19?
