

## General Practitioner with an interest in Care of the Elderly

We are looking for an enthusiastic GP to join our friendly & forward-looking team.

Derbyshire Community Health Services (DCHS) runs community health services across Derbyshire. This includes District Nursing, Community Hospitals and three General Practices.

The Three General practices are:

- Ripley Medical Centre.
- Castle St Medical Centre in Bolsover
- Creswell and Langwith Surgeries.

All three practices retain their identity and their places in the communities they serve but are increasingly working together. This is especially true across Bolsover, Creswell and Langwith where they are geographically close.

This close working is not just allowing benefits to the back office but increasingly opportunities for portfolio roles, specialist interests and shared learning opportunities our clinicians.

This joint working is now spreading beyond DCHS GP practices into other parts of DCHS. We are looking for a GP to work for four to seven sessions at Creswell and Langwith Surgeries as well as two to four sessions in our Community Hospitals supporting our Advanced Clinical Practitioner workforce.

Creswell and Langwith surgery has been through an enormous period of change and improvement since joining DCHS in February 2015. It now has a diverse, enthusiastic and stable team which is absolutely committed to providing the best care to some of the counties most deprived communities.

A new build has started for Langwith Medical Centre and plans for a new build at Creswell are at an advanced stage.

The Community Hospital role is well within the capabilities of most General Practitioners but would particularly suit a GP with interests in Care of the Elderly/Frailty and Education. The role will involve providing twice weekly ward rounds to support our ward ACP's, as well as supporting advanced practice through educational and mentoring activities.

- Salary £80,000 - £100,000 (depending on skills & experience) for full time, pro rata for part time. Hours and job plan negotiable within the parameters above.
- Indemnity included through NHS Resolve

For more information or to arrange an informal visit, please contact:

- Dr Ian Lawrence (Clinical Director), Tel: 07825 356200 e-mail: [ian.lawrence@nhs.net](mailto:ian.lawrence@nhs.net)
