

Our Services

ROUTINE APPOINTMENTS

Routine appointments are available to be booked from 2pm every day for up to 14 days ahead.

QDOCTOR

As part of our commitment to improving access for our patients we're now using video consultations.

This means for certain conditions you can see a GP from home or work without having to come to the surgery.

Please see our website or reception for details.

TEST RESULTS

Test results are available from reception after 2pm by phoning the surgery.

REPEAT PRESCRIPTIONS

We now use an Electronic Prescribing System (ePS). Sign up at your local pharmacy and get your prescription delivered straight to the pharmacy of your choice. There is no need to visit the surgery.

Some medications are excluded by the NHS from this scheme. Please check with your pharmacist.

Please allow 2 working days for processing.

'FIT' NOTES/ SICKNESS CERTIFICATES

If you are sick for more than 7 days and your employer requires a 'fit note', a consultation with a doctor is required.

If you need a repeat / follow-on 'Fit Note' these can be requested via eConsult

Registration

The Partnership welcomes new patients. Medical treatment is available from the date of registration.

A registration form is available on our website or from reception.

Patients will receive a call back on the same day from the duty team who will provide advice, a prescription or an appointment.

We do not offer a walk-in service at any of our sites.

You can consult with your doctor online, this is called an e-Consult.

Click the link on our website and it will guide you through the quick and easy process.

E-consult about common non-urgent queries:

- ✓ Tiredness

E-consult also offers self-help and signposting to free NHS services such as physiotherapy, counselling and other clinics.
