## Part 2

### Aims and objectives

<p><b>Aims and objectives</b>  <i>What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose</i></p>
To provide high quality General Medical Services (GMS) primary care treatment to our patient population to include consultations, examinations, treatment of medical conditions.
To deliver safe, high quality services, providing excellence at all times
To focus on prevention of disease by promoting healthy living
To understand and meet the needs of our patients, involve them in decision making about their treatment and care and encourage them to participate fully
Prevent ill health, improve well being and provide services that improve local health outcomes
To involve other professionals in the care of our patients where it is the patients best interests, i.e. referrals for specialist care and advice
To work in partnership with other agencies
Be committed to our patients needs
Act with integrity and complete confidentiality
Be courteous, approachable, friendly and accommodating
Deliver financial duties and ensure the efficient use of resources
To ensure that all patients and their carers have a positive experience
To treat all patients and staff with dignity and respect
To ensure that all staff have the right skills, training and motivation to carry out their duties competently
To create an educational environment where staff promote and share learning amongst themselves and medical students
To ensure effective and robust information governance systems
This practice will be ensuring everyone has easier and more convenient access to GP services, including appointments at evenings and weekends. We will be working with a variety of health care providers in several locations, all registered with CQC to provide GP services. The GP practice where the patient is seen will take responsibility for the regulated activity delivered there, regardless of where the patient is registered.
