

Albrighton Medical Practice Newsletter

Named GP

With effect from April 2015 practices are required to allocate a named GP to all of their patients and to inform them accordingly.

For administrative purposes, the named GP for our patients will be the usual GP seen. For newly registering patients this will be the GP they are registered to.

This does not prevent you from seeing any GP within the practice as you currently do, neither does it change the GP you normally see.

Patient Participation Group

Albrighton Patient Group continues to seek new members. The Group tries to represent the views of the practice population as a whole and so has a role in shaping changes and improvements to the services delivered by the Practice. Bi-monthly meetings are held at the Practice where any views or suggestions from any of our patients can be discussed. All patients are welcome to attend any of these meetings. Please feel free to drop into one of the meetings either to observe or to bring any suggestions.
