

Bridge Surgery Newsletter January 2013

Our Practice Nurses

There are five members of the Bridge Surgery Nursing Team with over a hundred years of nursing experience between them!

The team comprises of one Team Leader/Senior Sister, two Sisters, one Nurse and one Health Care Assistant (HCA).

General Nursing Duties:

All of the Nurses perform general nursing duties including Baby Immunisations, Holiday Advice and Immunisations, Smears, Dressings, Stitches and Clip Removal, Intramuscular Injections, assist with Minor Operations and Coil Fittings, NHS Health Checks, Ear Syringing, ECG's and Blood Pressure Checks. Some of the team also see patients in specialist clinics – further information below.
