How Dr Kulshrestha's Summerfield Family Practice uses your information to provide you with healthcare

**This practice keeps medical records confidential and complies with the
General Data Protection Regulation.**

We hold your medical record so that we can provide you with safe care and treatment.

**We will also use your information so that this practice can check and review the quality
of the care we provide. This helps us to improve our services to you.**

- We will share relevant information from your medical record with other health or social care staff or organisations when they provide you with care. For example, your GP will share information when they refer you to a specialist in a hospital. Or your GP will send details about your prescription to your chosen pharmacy.
- For more information on how we share your information with organisations who are directly involved in your care can be found here: **Please visit MidlandsYourCareConnected.nhs.uk. Alternatively, you can email the team InfoMidlandsYourCareConnected@nhs.net or call them on Freephone 0333 1503 388.**
- Healthcare staff working in A&E and out of hours care will also have access to your information. For example, it is important that staff who are treating you in an emergency know if you have any allergic reactions. This will involve the use of your Summary Care Record [**OR Emergency Care Summary / Individual Health Record**]. For more information see: <https://digital.nhs.uk/summary-care-records> or alternatively speak to your practice.

- You have the right to object to information being shared for your own care. Please speak to the practice if you wish to object. You also have the right to have any mistakes or errors corrected.

Other important information about how your information is used to provide you with healthcare

Registering for NHS care

- All patients who receive NHS care are registered on a national database.
- This database holds your name, address, date of birth and NHS Number but it does not hold information about the care you receive.
- The database is held by **NHS Digital** a national organisation which has legal responsibilities to collect NHS data.
- More information can be found at: for general enquires at **NHS Digital is 0300 303 5678]**
- **Would you like to know more please visit MidlandsYourCareConnected.nhs.uk. Alternatively, you can email the team InfoMidlandsYourCareConnected@nhs.net**

Identifying patients who might be at risk of certain diseases

- Your medical records will be searched by a computer programme so that we can identify patients who might be at high risk from certain diseases such as heart disease or unplanned admissions to hospital.
- This means we can offer patients additional care or support as early as possible.
- This process will involve linking information from your GP record with information from other health or social care services you have used.
- Information which identifies you will only be seen by this practice.
- More information can be found at: **MidlandsYourCareConnected.nhs.uk. Alternatively, you can email the team InfoMidlandsYourCareConnected@nhs.net or speak to the practice.**

Safeguarding

- Sometimes we need to share information so that other people, including healthcare staff, children or others with safeguarding needs, are protected from risk of harm.

- These circumstances are rare.
- We do not need your consent or agreement to do this.
- Please see our local policies for more information:

Right to access and correct	<ul style="list-style-type: none"> You have the right to access your medical record and have any errors or mistakes corrected. Please speak to a member of staff. We are not aware of any circumstances in which you will have the right to delete correct information from your medical record; although you are free to obtain your own legal advice if you believe there is no lawful purpose for which we hold the information and contact us if you hold a different view.
Retention period	GP medical records will be kept in line with the law and national guidance. Information on how long records are kept can be found at: https://digital.nhs.uk/article/1202/Records-Management-Code-of-Practice-for-Health-and-Social-Care-2016 or speak to the practice.
Right to complain	You have the right to complain to the Information Commissioner's Office. If you wish to complain follow this link https://ico.org.uk/global/contact-us/ or call the helpline 0303 123 1113
Data we get from other organisations	We receive information about your health from other organisations who are involved in providing you with health and social care. For example, if you go to hospital for treatment or an operation the hospital will send us a letter to let us know what happens. This means your GP medical record is kept up-to date when you receive care from other parts of the health service.
