Elf and Safety

Plus, throughout December we'll be sharing key dangers around the home and simple things you can do to keep children safe. Follow along and share with your friends and family to help everyone have a merry and safe celebration.

Be battery aware

This Christmas, homes will be filled with light-up decorations, festive tea lights, singing Santas and flashing Christmas wands. But these – and many cheap toys – are powered by button batteries that can badly hurt or kill a child if swallowed.
