

Warley Medical Centre

Patient Participation Group

Let me introduce myself, my name is Victor Silvester MBE and I am the Chairman of the Patient Participation Group - PPG for the Warley Medical Centre.

The PPG is made up of patients at Warley Medical Centre who form a Committee to raise issues with the Practice to help improve services.

We are relaunching the PPG on 9th October following the disruption with Covid and the meeting will be at 5.30pm in the surgery, the meeting will only last one hour.

Details of the agenda PPG is overleaf.

Please let me know if you will be attending the meeting by email. vic.silvester@btinternet.com or text 07790 800 463.

PRESENTATION

Prostrate Cancer

Prostrate Cancer is the single most common cause of death in men. One in eight men over 50 will have prostrate cancer. There will be a discussion at the meeting on Prostrate Cancer in regard to the signs & symptoms and treatments available.
