Flu Vaccinations

If you are eligible for a Flu Vaccination you can now book into one of our Flu Clinics. These will begin on Wednesday 1st October throughout the day and also between 6:30 and 8pm on a Wednesday night. We are not sending out any written invitations –if you are not sure if you are eligible please ask at reception. If you are not entitled to a Flu Vaccine on the NHS the local chemists can arrange this privately.

Closure of the Surgery List

We have been given permission to close our list. This means that for a 6 month period from Wednesday 1st October the surgery will not be accepting new patient registrations.

The only exception to this is applications from immediate relatives living at the same address as patients already registered with us. Proof of residence will be required.

This decision was taken to allow the surgery time to restructure our services and undertake important developmental work.

Contact details

It is essential that **your contact details are kept up to date** & that you inform us of any changes as soon as you can. This avoids appointment letters for clinics or scans being sent to the wrong address. Rarely we may need to ring you to change an appointment or inform you of a serious issue. Unfortunately we still have patients with out of date contact numbers. Update your contact details at reception/online.
