What's new?

- 96% of the residents under our care are up to date with their Covid and Flu vaccinations.
- In collaboration with the Patient Safety and Care Improvement Team, the Practice are organising Restore2 training dates. The event will be hosted by one of the care homes in March and will be open to all of the remaining 21 homes.
- With the assistance of Pharmacy Technicians the practice are rolling out Proxy ordering within all the care homes. This will streamline the ordering of medication and give care home staff more freedom to order the medication they need.
