

Action Plan for 2016-2017

- Monitor the increasing list size of the practice and its impact on the service provided by the practice
- Maintain our solid and stable relationship between practice and patient members
- Review the GP national survey results at regular intervals, ensuring we maintain our high standards
- Ideas to encourage patients to complete Friends and Family Test
- Work with other local practices to form a cluster patient participation group to form ideas that affect our local area
- Work with Salford Clinical Commissioning Group to support them in delivering primary care services within Salford
