

22 July 2020

Dear Patient,

Advice on the use of face coverings can be found on [UK Government Website](#).¹

This guidance states that people, who are deemed clinically extremely vulnerable, including those with health, age or equality reasons, don't have to wear a face covering.

There is no requirement to produce evidence for exemption. Marple Cottage Surgery will not therefore provide exemption letters.

We would strongly encourage all people to wear a face covering/mask in enclosed public places.

Keep Safe and Well.

Yours sincerely

Dr Andrew Johnson

Dr Maher Al-Ausi
