Section 1: Introduction

The Freedom of Information (Scotland) Act 2002 requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- Publish the classes of information they make routinely available
- Tell the public how to access the information and what it might cost

The Yellow Practice has adopted the Model Publication Scheme 2014 produced by the Scottish Information Commissioner. The scheme has the Commissioner's approval until 31 May 2018.

You can see the model publication scheme on the Commissioner's website at www.itspublicknowledge.info/mps or by contacting us at the address provided below.

The purpose of this Guide to Information is to:

- allow you to see what information is available (and what is not available) in relation to each class
- state what charges may be applied
- explain how you can find the information easily.
- provide contact details for enquiries and to get help with accessing the information
- explain how to request information we hold that has not been published.
