

PATIENT FEEDBACK AND COMPLAINTS GUIDANCE

The Practice is always delighted when we receive positive feedback and letters of thanks and these are always a welcome boost to the team.

However, we accept that we do not always get things right and below explains how you can let us know that.

Practice Comments and Complaints Procedure

If you have a comment, complaint or concern about the service you have received from the doctors or any of the staff working in this Practice please let us know. We operate a Practice complaints procedure as part of an NHS procedure for dealing with complaints. Our complaints procedure meets national criteria.

What do I need to do?

We hope that most problems can be sorted out easily and quickly, often at the time they arise and with the person concerned. If your problem cannot be sorted out in this way and you wish to make a complaint we would like you to let us know **as soon as possible** – ideally within a matter of days, or at most a few weeks, because this will enable us to establish what happened more easily. If it is not possible to do that, please let us have details of your complaint:

- within 6 months of the incident that caused the problem
- **or**
- within 6 months of discovering that you have a problem, provided this is within 12 months of the incident.

You can ask Reception for a Complaint Form or alternatively telephone the Practice and ask to speak to the Admin co-ordinator or Unscheduled care co-ordinator, or you can just write to the Practice. Complaints should be addressed to the Admin co-ordinator or Unscheduled care co-ordinator. The complaints process will be explained to you ensuring that your concerns are dealt with promptly. It will be a great help if you are as specific as possible about your complaint.

What we shall do

We aim to acknowledge your complaint within 2 working days and aim to have looked into your complaint within 20 working days of the date you raised it with us. We shall then be in a position to give you an explanation, or offer a meeting with those involved. In investigating your complaint we shall aim to:

- find out what happened and what went wrong;
- enable you to discuss the problem with those concerned if you would like this;
- ensure you receive an apology where this is appropriate;
- identify what we can do to make sure the problem does not happen again.

Complaining on behalf of someone else

Please note that we keep strictly to the rules of medical confidentiality. If you are complaining on behalf of someone else we have to know that you have their permission to do so. A letter signed by the person concerned will be needed unless they are incapable (because of illness) of providing this.
