

KINGSMILLS MEDICAL PRACTICE - VISION ON LINE SERVICE

Manage your healthcare provision online

We are introducing a new service called Vision Online Services. This will let you book routine GP appointments and order repeat prescriptions using the Internet at your convenience, even when we are closed. Please note: this will replace our current on-line repeat prescription service.

You will need to register with the practice to access this service, and once registered you will be given information that will enable you to create your username and password.

Please complete the form below and return it to the practice in person with some form of ID for verification.

Please note: To maintain confidentiality, your registration will be unique to you. Any other family member will require individual registration and preferably an individual e-mail address. This service is currently not available to children under 16 years of age.

First name:Surname.....

Date of birth:

Email address: (registration details will be sent to this address):
