

Midlothian Wellbeing Access Point (MWAP)

Guiding you to support your wellbeing

www.health-in-mind.org.uk

What is the Midlothian Wellbeing Access Point? It can be hard to know what groups and services are available in the local area and how to get the support you need.

The Access Point is all about guiding you to access the support you need to increase your mental wellbeing—reducing low mood and your feelings of stress; increasing your confidence and self-esteem. The Access Point is not a crisis or emergency service.

How can the Access Point help you?

It can help through supporting you to:

- Understand more about why you feel unwell
- Find out what's going on in your local community—groups, activities and services
- Access the support that will work best for you.

Who can access and use the service?

If you are:

- An adult living within Midlothian (18-65 years old)
- Registered with a Midlothian GP practice
- You don't need to make an appointment or be referred to access the service, so come along and find out how the Access Point can help you.

Confidentiality

- The access point is a confidential service and all personal information is held under strict legal and ethical rules.

What happens when you go along to the Access Point?

Meeting one of the team:

You'll be seen in a private space by either a Nurse Therapist, who is trained in providing talking therapies, or the Access Point worker who specialises in providing community based support. They can help you to decide what support will work best for you.

Sessions:

- People will normally be seen on a first come, first served basis
- A session will normally last for approximately 30 minutes.

When and where does the service happen?

Loganlea Centre,

Eastfield Medical Centre, Eastfield Farm Road,
Penicuik, EH26 8EZ - **Mondays - 11am to 2pm**

Midlothian Community Hospital,

70 Eskbank Road, Bonnyrigg,
