

# CATHAYS SURGERY

## TRAVEL APPOINTMENT INFORMATION

- Please complete the travel assessment form attached and hand it back to the receptionist
- Please book a double appointment with the Practice Nurse for the advice/vaccinations that may be required
- If you are a student or have recently joined the practice and you are unsure what vaccinations you have had please contact your previous practice to find out. This information will be needed by the nurse and advice cannot be given without this information.
- The questionnaire you have been asked to complete is for your benefit and for your safety. A risk assessment needs to be made by the nurse in order to decide what vaccines you may need and how to advise you.
- Most vaccines that are required are available free of charge on the NHS but there are some that are not

Hepatitis B – course of 3 doses £40 a dose

Yellow Fever- single dose £55

Meningitis ACWY- single dose £50

Rabies- course of 3 doses (£60 a dose)

Japanese Encephalitis- price on request

Tick Borne Encephalitis-price on request

**All vaccine prices may be subject to change**
