

COVID-19 Vaccination:

Programme update 25 February 2021

Overview

Our ambition is to protect our Cardiff and Vale population as quickly as possible with vaccination for Covid-19. A vaccination programme on such a large scale requires a multi-faceted approach and a mixed model of delivery. The model in Cardiff and Vale includes mobile teams, mass vaccination centres, GP Practices and healthcare 'hubs'.

Operational Delivery:

To date we have vaccinated 135,139 people in Cardiff and the Vale of Glamorgan which is 33% of our total adult population.

COVID-19 vaccine update
25th February 2021

Total vaccines: **135,139**
Total yesterday: **2,969**

Key Priority Groups (5-7)

65 - 69: **10,469**

Underlying Health Conditions: **5,616**

60 - 64: **6,986**

Mass vaccination centres:

Splott Mass Vaccination Centre is delivering second doses of the Pfizer Vaccine and we have now given over 11,000 second doses.

Pentwyn Mass Vaccination Centre and Barry Mass Vaccination Centres are delivering Oxford AstraZeneca to priority group 6 which are aged 16-64 with underlying health conditions which could become seriously ill from Covid and unpaid carers.

Appointments at our Mass Vaccination Centres are currently being auto scheduled up until the end of March

We have now delivered the following number of vaccinations at each site:

Splott MVC **54,652**

Pentwyn MVC **12,804**

Barry MVC **7,839**

Mobile teams:

Our Mobile Teams are contacting housebound patients under 70 to receive their vaccination from lists we have received from GP Practices.

We are also working through a plan to use the mobile teams to vaccinate our vulnerable communities including those that are homeless and the traveller community. We will update on these groups when we have further details.

GP practices:

Our GP Practices are continuing to book in priority group 5 (aged 65-69) to receive their vaccine and have completed 51% of this group so far. Remaining people in this age group should be invited by the middle of March with first doses given by 22 March.

A round up of our Primary Care support is available on our [website](#)

Unpaid Carers

We have now received the JCVI guidance for unpaid carers who are eligible to receive their Covid vaccination.

Those who have already been identified will start to receive an appointment in the post at one of our Mass Vaccination Centres.

We are developing an online form which will be available early next week for people who meet the criteria to register their details with us so we can schedule an appointment if they are not picked up via their GP or carers allowance. We will provide a phone number for anyone who would like some assistance to complete the form.

Learning Disabilities and Severe Mental illness

We have received confirmation that people with Learning Disabilities and people with severe mental illness will now be included in Group 6. We are currently working to identify the numbers for this group and are exploring where they will receive their vaccine as we are aware a Mass Vaccination Centre may not be the appropriate setting.

Communications:

This week we are filming with GPs within our Black, Asian and minority ethnic communities to inform people within these groups about the benefits of receiving the vaccine. This content will be available from next week.

We will also be inviting the media in next week to each of our Mass Vaccination centres to highlight the progress we are making within the mass vaccination programme.

Our website is updated regularly with information on our progress and figures. We have also included information for each group on how they will be contacted for an appointment.

The website can be accessed [here](#)

Update on Covid vaccine for Unpaid Carers:

We are auto scheduling appointments for unpaid carers and an online form will be available early next week. There is no need to contact us to check if you are on the list. Thank you for your patience.

COVID-19 Mass Vaccination update: Unpaid Carers

We have now received the JCVI guidance for unpaid carers who are eligible to receive their Covid vaccination.

Please be assured those who have been identified will start to receive an appointment in the post at one of our Mass Vaccination Centres.

There will also be an online form available early next week to register your details with us so we can schedule your appointment. We will provide a phone number for anyone who would like some assistance to complete the form. There is no need to contact the Health Board, GP Practice or your local authority at this time.

Thank you for your patience

Cardiff & Vale UHB @CV_UHB · Feb 24

Sarah thinks the vaccination programme has been amazing, especially the number of volunteers it's brought together from different backgrounds.

Thanks to Sarah and staff like her for stepping up to support our [#CovidVaccine](#) roll out.

Steve Procopio Gauci @gauciprocopio · 15h
 Just had my 2nd Covid jab. A massive thanks to my NHS colleagues @CV_UHB for an amazing exceptionally run service.

2

Gareth @lunchie56 · Feb 22
 @CV_UHB I just wanted to thank the team at Holm View V Centre. Fantastic can do attitude displayed by all staff; security, clerical and medical. Had my jab there on Saturday and nothing was too much trouble for them. Well done, I am very grateful. Gareth

 Just had our first jabs thanks to a home visit from @CV_UHB . My two sons wouldn't have coped with an MVC due to their autism and anxiety. I think Jamie thoroughly deserved his ice cream reward 🍦
