

Do you want the best of both Worlds?

Working in an individual practice but with the knowledge, support, drive and passion of a large partnership with the flexibility and the right work-life balance?

WFHP is appointing a **Salaried GP at our Kidderminster Medical Centre site, working 4 – 8 sessions per week**, to join our friendly forward-thinking, high-achieving and innovative partnership, where the team take genuine pride in making work stimulating, challenging and rewarding.

We are looking for a keen and enthusiastic team player who can demonstrate commitment and flexibility with the drive to deliver a high standard of patient centric medicine whilst maximising primary care business opportunities. We are seeking Doctors who share our passion and who can assist the partnership to become the best it can be in a modern NHS.

WFHP was formed three years ago and now consists of six surgeries based in the beautiful Wyre Forest area. We have 44 GPs and over 200 staff looking after over 73,000 patients. As a large partnership we offer excellent working environment with the opportunity to pursue your clinical interests and further professional development with exceptional support and a good work/life balance.

More about Us!

Kidderminster, the largest of the three towns in the District with a population of over 55,000, is famous for its quality woven carpets and as the birthplace of Sir Rowland Hill, founder of the Penny Post. Kidderminster is the main retail hub of the district with a range of shops, cafes, pubs and restaurants. The town is located in the Wyre Forest District, amongst the beautiful rolling hills and ancient woodlands. Nevertheless, it has easy access to the M5 and M42 Motorways as well as only being 12 miles north of the city of Worcester and 20 miles south-west of Birmingham.

Our Kidderminster Medical Centre was formed in 2016 by the merger of Forest Glade Medical Centre and Kidderminster Health Centre. We moved in to our brand new purpose-built premises with state-of-the art facilities in August 2016, located in the town centre. The team offers a range of key services to over 13,800 patients via a well-established Patient Access system.
