

## GP Average Earnings

From 1 April 2016, it is a contractual requirement for practices to publish on their practice website the mean earnings (i.e. average pay) for all GPs working to deliver NHS services to patients in the practice.

The average pay for GPs working in the practice of Dr xxx and Dr xxx in the last financial year 2014/15 was £xxx before tax and National Insurance.

This is for x full time GP, x part time GPs and x locum GPs who worked in the practice for more than x months.
